

WEST COAST
· MULTIPLEX ·

On Saturday September 25th, 2021 we will be hosting the 8th Annual West Coast Multiplex Scramble fundraiser golf tournament at the Long Beach Golf Course. In 2014 this event took over for the popular Stick in the Mud golf tournament, which ran strong for 13 years, making this year the 21st anniversary of this amazing community event! We are committed to providing a safe environment for the event in accordance with public health guidelines, so while this year's event may be a little different, we are proud to carry on the tradition.

The Multiplex is currently in the capital fundraising phase and we are waiting to see if we will receive a grant from the second intake of the "Investing in Canada Infrastructure Program". This grant alone could provide over \$12 million for the construction of Phase One of the facility. We have also applied for the "Green and Inclusive Community Buildings Program" grant which could provide up to \$19 million. While we anticipate that the majority of the funds required to build the facility will come from various government grants, the support of our local community remains as important as ever.

We are writing this letter to request sponsorships and/or donations for the tournament. This year we are once again offering tournament sponsorships for \$500, hole sponsorships for \$250, and mini-golf hole sponsorships for only \$100. As a tournament sponsor your name will appear on the posters advertising the tournament, you will be promoted throughout the event, and you will also be promoted on our website and throughout the year leading up to the 2022 tournament. Hole sponsors will be promoted at the event as well as have the chance to promote themselves on one of the holes during the tournament. Alternatively, we are also in need of any form of donation whether it be physical goods or gift certificates to use as prizes and auction items. If you are donating smaller items, sets of 4 items are appreciated as they will make great team prizes. As in the past, the tournament will be a fun 9-hole Texas Scramble with a combined team mini golf challenge. Everyone is welcome to attend.

It would be appreciated if you can respond to this letter with your decision by **Saturday July 31st, 2021**. We do not need to collect the sponsorship money or donations by that date, but we would like to know as soon as possible so that we can move forward with printing posters, tournament gifts, etc.

We are certainly very fortunate for the incredible support that local businesses provide towards local fundraising efforts, and we would be delighted to have you involved in working towards this important goal. This tournament provides the vast majority of our annual fundraising revenue and is essential to keep the West Coast Multiplex moving forward.

Thank you very much for your consideration.

Sincerely,

Ryan Orr
On behalf of the West Coast Multiplex Society
